

Biltmore Country Club

Assistant Golf Course Superintendent

Biltmore Country Club is a private golf and social club in North Barrington, Illinois. Founded in 1926, this membership owned club is located on a unique 200 acre property featuring an 18 hole golf course, tennis facility, 60 acre recreational lake, pool and beach club. The course is comprised of newly renovated playing surfaces of 007 bentgrass greens, Pro/Angle sand filled Better Billy Bunkers, and HGT/RTF green surrounds. The Green and Grounds Department employs approximately 20 team members during the peak season (7 full time) with an operating budget of \$1.5M. Our management team includes young superintendents who support family life and career growth. Our goal is to continue to advance the club with Master Plan improvement projects and highest quality playing conditions.

Summary of Position

The Assistant Superintendent will directly assist the Superintendent and Senior Assistant Superintendent in all facets of golf course and property maintenance. Training will be provided for all of the following.

- Supervise and perform various maintenance duties to maintain the golf course in proper playing conditions according to Biltmore Country Club Green Standards and Playing Conditions.
- Manage team members and highest quality playing conditions in the absence of the superintendent.
- Ensuring proper work safety precautions are known and implemented at all times.
- Assist in the development and implementation of the annual agronomic program.
- Scouting for disease throughout all areas of the golf course.
- Apply plant protectants with GPS sprayers and granular applications to all areas of turfgrass.
- Maintain detailed records of all chemical applications.
- Design, plant, and maintain extensive annual and perennial flower selections throughout the property.
- Efficient watering practices throughout the property to promote plant health and improve playability.
- Managing all golf course set-up variations throughout the season, including tournaments.
- Assist in organizing the Northshore Chemical Coop and Biltmore Flower Coop.
- Aid in the reports to the Green and Grounds Committee and attend committee meetings.
- Work efficiently, handle multiple duties, and maintain a leadership role.
- Perform time sensitive tasks with a sense of urgency while maintaining a high level of detail.
