

2nd Assistant Superintendent

Indian Hill Club is a private family club on the North Shore of Chicago. Located just minutes from urban Chicago, blocks from Lake Michigan and easy access to the far north suburbs we offer an outstanding opportunity to live in a variety of metropolitan environments and work at a high level private club.

At Indian Hill you will be working along-side an established crew that works well together as a team. Our core crew members demand a commitment of excellence from each other and new employees that permeates our culture. Your straightforward coaching style will be welcomed to help build our knowledge base with your experience.

You will be working on a golf course that has been brought up to date with a Rainbird irrigation system, newer bentgrass varieties on several different types of greens subgrades & regrassed bentgrass fairway turf. Recently the club completed construction of a 2.5 million dollar maintenance facility enhancement project that brings our department up to date regarding work flow and staff facilities. As well, the club has retained the CDPgolf.com group to develop a master plan and explore the possibilities of a renovation or restoration.

As individuals we strive to maintain a work/life balance that creates a win – win atmosphere. Our responsibilities are many but we can achieve a healthy balance with our dedicated team and effective, efficient leadership. You will be required to take time away from work to recharge and refresh to maintain a high level of productivity when present.

Experiences will include but are not limited to;

- Crew, equipment & resource scheduling
- Quality control & supervision
- Golf Course setup & playability determinations
- Irrigation repair, scheduling and moisture management
- Pesticide & fertilizer applications
- Landscape/hardscape installation & maintenance
- Golf course upgrades, project supervision & participation
- Budget development and expense review
- Communication both upward and downward throughout the club
- Winter activities; ice rink, paddle tennis, ski trials and snow plowing
- Beekeeping and natural area management
- Tree care and evaluation

Requirements

It will be required you bring with you a positive energy that will make others feel at ease and open to communication. The ideal candidate will be able to work hard and have fun simultaneously. Along with these important attributes the chosen candidate will want to continue their education at the local and national level and actively participate in furthering their knowledge.

- Previous team experience is preferred
- Certificate, Associate or Bachelor Degree in a Plant Science is preferred
- Written and verbal communication skills including computer literacy
- An insurable driving record and up to date drivers license
- Possession or ability to obtain a pesticide applicators license

Benefits

The Club provides a full menu of employee benefits.

- Health, life, disability insurance opportunities
- Vacation & sick time away
- 401K program with direct club contributions & matching opportunities
- Professional memberships & meeting attendance
- Opportunities to volunteer at industry events

Salary

- \$65,000 – \$70,000 annual salary for the ideal candidate
- Additional bonus potential
